

SPEAKER LUEDTKE: The motion is to amend so as to strike the original Maxey amendment. Any further discussion? All those in favor of adopting the Maxey amendment to strike the original Maxey amendment vote aye, opposed nay. Record the vote.

CLERK: 26 ayes, 0 nays on the adoption of the Maxey amendment, Mr. President.

SPEAKER LUEDTKE: The Maxey amendment is adopted. Now we revert back to the Marvel-Maxey amendment number two.

SENATOR MARVEL: Mr. President, I move for the adoption of amendment number two which is on your desks. There are two amendments. One is numbered two, and the other is numbered three, signed by Senator Maxey and myself. Amendment number two has been read. It simply asks that when there is a new assessment to this type of property that the assessment be sent to the property owner so they could be properly notified. Many of these property owners had no notion of this change until they got the tax notice.

SPEAKER LUEDTKE: Any further discussion? Question is the adoption of the Marvel-Maxey amendment number two. All those in favor vote aye, opposed nay. Have you all voted? Record the vote.

CLERK: 26 ayes, 0 nays on the adoption of the Marvel-Maxey amendment, Mr. President.

SPEAKER LUEDTKE: The number two Marvel-Maxey amendment is adopted. Clerk will read the third amendment.

CLERK: Read third Marvel-Maxey amendment found on page 568 of the Journal.

SPEAKER LUEDTKE: Senator Maxey.

SENATOR MAXEY: In this amendment number three we're excluding the setup and delivery charges. If the mobile home originally cost \$500, or \$4,500, and \$500 was for the setup and the taxation on this. They're not supposed to pay this. When the deed is filed this will be excluded to read "from the cost". This is why we need this amendment here. I move its adoption.

SPEAKER LUEDTKE: Chair recognizes Senator Burrows.

SENATOR BURROWS: Mr. Chairman, members of the body, I see quite a problem with this amendment from my concerns. Presently the mobile home owners are the group of people in the state paying the least into the property tax system of any group you have of a general nature. Even though at higher rates they do not pay in any comparison to frame houses as a general nature. When you pay taxes on a frame home you pay for the construction, the labor that is involved in that house, and you pay it year, after year, after year. We're going to erode.... Somebody else picks up this tax. We're going to erode, on this amendment, the tax base that is coming from mobile homes that are already the most benefited class in the state. We're going to shift it to the people with the frame houses. Since they are paying less all ready, I just can't buy this amendment. Thank you.

SPEAKER LUEDTKE: Chair recognizes Senator Keyes.
